FOR IMMEDIATE RELEASE

Clendenen goes door-to-door to meet constituents

Humboldt County Second District Supervisor candidate Clif Clendenen has begun walking neighborhoods in Fortuna, going door-to-door to talk with area residents about the focus of his campaign. As part of his commitment to be accessible and approachable, Clendenen would like to meet with as many of his constituents as possible by walking neighborhoods in Fortuna, Hydesville, Rio Dell, Scotia, Garberville and Redway.

Clendenen can be found going door-to-door in neighborhoods from 4 to 7 p.m. on many weekdays and on most weekends. His goal is to be able to personally meet as many Second District voters as possible. In order to better meet voters in more rural areas of the district, Clendenen has held meetings recently in Garberville and Miranda, with the next set for Weott on Thursday, March 13 from 6 to 8 p.m., as well as participating in house party events such as the one recently held at the home of Sal and Naomi Steinberg in Carlotta, with others set for the upcoming weeks.

"I'm looking forward to the chance to talk one-on-one with as many people as possible," Clendenen said. "Between now and the election I think it's absolutely vital to meet with people on their doorsteps and in their living rooms so I can listen to everything they have to say.

"Being able to communicate in this way is something I've learned from my years as a business owner and as a resident of this community, and it reflects the way I'll serve the people -- being part of an open, responsive and efficient government, which is something we need now more than ever."

Clendenen, for the past 30 years the owner of his family business Clendenen's Cider Works, helped develop the Fortuna Apple Harvest Festival, is a former board member of the Fortuna Chamber of Commerce and is the founding president of the Fortuna Concert Series. He is also a past director of the Humboldt County Farm Bureau. Clendenen has been actively involved in Fortuna's General Plan Update, advocating for responsible growth that will preserve the city's small-town character and foster sound economic development and diversification.
